2015 IPC Athletics World Championships

Dear NPC Widely and Regularly Practising Athletics,

IPC Athletics would like to inform you that the 2015 World Championships in Doha, Qatar, will now take between 18-31 October, four weeks earlier than originally announced, in order to avoid infrastructure improvements planned within Doha, Qatar.

To avoid any inconvenience and disruption these works may cause para-athletes attending the biggest international para-athletics event ahead of the Rio 2016 Paralympic Games, IPC Athletics agreed with the Organising Committee to bring the event forward in the best interest of our athletes and to ensure the successful delivery of the championships.

Details of Dates:

- Classification Period 18-21 October 2015
- Competition Period 22-31 October 2015

In the coming weeks IPC Athletics will provide NPC further information regarding the World Championships.

Should you have any question please feel free to contact me.

Kind regards

Ryan Montgomery
Head of IPC Athletics
